SMUGGLER'S RUN

DELIVER AT ALL COSTS

"indulge your inner outlaw"
- Newsweek

"A truly next-generation launch title, it's fast, fun,
and free of constraints - just the way we like our
cross country crime sprees." - NextGen

"driving through the spectacular terrain is a blast" - EGM

"The best display and truest testament to the processing
power of the PS2 to date" - Gamers Republic

"Meet a game that screams on PS2, breaking boundaries
all along the way" - Next Gen

SMUGGLER'S RUN

On a typical day the US Customs service seizes:

- arms and ammunition worth over \$24,000
- illegal substances worth over \$4 million

But nevertheless, in 1999 illegal substances with an estimated value of \$40 billion entered the country across the US/Mexican border alone...

"Generally speaking, you, as a potential first time smuggler are at a distinct disadvantage. This, however, is neither due to the wealth of sophisticated detection equipment that some countries possess, nor the wiles of skillful customs officials able to tell at a glance when someone is smuggling. The disadvantage, in fact is a psychological one, the product of that most useless of human emotions - guilt.

"You may have no desire to carry contraband through customs now- but who knows when circumstances may make it necessary for you to surreptitiously transport certain items through newly created borders?"

"Making full use of the PS2's pedal-to-the-metal graphics and cadillac size memory, this is the first racing game to feature two entire, realistically detailed cities - Manhattan and London!" - Maxim

"An incredibly addictive arcade racer with excellent graphics... What's not to like?" - NextGen

"top notch" - ign.com

"an amazing sense of reality...a must-have for PS2 launch" - Gamer's Republic

"an exhilarating experience, one that you would expect to get from the latest Hollywood big budget chase scene, rather than a console racing game" - NextGen

"...I still find this game extremely playable and highly addicting." - Gamer's Republic 2000

"It's the best surfing game probably ever and features some H2O that will make you cry." - Gamer's Republic 2000

"... the game does deliver some breath-taking glimpses of surfing. After pulling off a trick, the camera, hovering in a high, third-person angle, sees you swooping down the face of the wave, and it feels right on. You feel the steep drop and the rush, and it feels similar to dropping down a roller coaster." - IGN.com

"...it's a beautiful game with incredible wave physics... The way waves roll, then come curling towards you as they break, is realistic and thrilling." - Hotgames.com

"Rockstar's flexed their corporate muscle and slapped on one of the best soundtracks ever heard in a videogame."
- Electric Playground.com
